# Dashboard/Analytics

A configurable, omni-channel dashboard that offers insights to help agencies and media companies improve their advertising ROI and business performance.

## What It Does

Report and analyze campaign performance by tracking key metrics for all major advertising products in a single app. No more jumping around to different programs or dashboards, because everything you need to see is in one place. Dive deep into campaign data to improve current and future campaign performance.

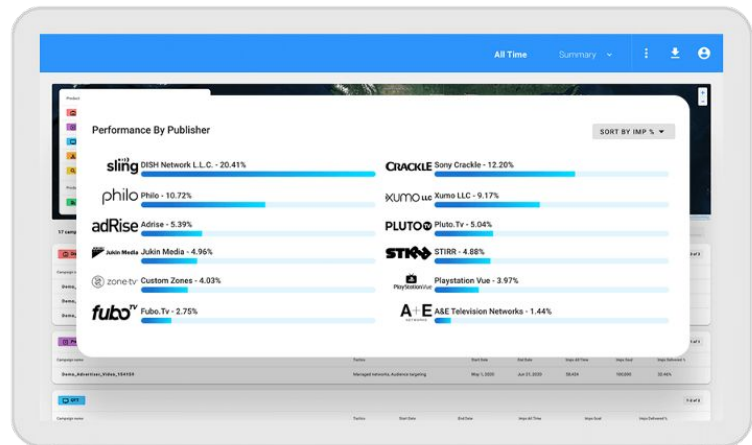

- Strategize efficiently and effectively while tracking your goals over time so that you always come prepared to weekly, monthly, and annual meetings with your clients
- Visually appealing reports can be exported in PDF, Excel and PowerPoint formats
- Customize how you view each campaign - add, delete and edit widgets and metrics
- Integrated with Google Analytics for digital and broadcast 'weblift' tracking

*Analytics through our unified dashboard*
